A SPECIAL MESSAGE FROM JODI!

Welcome to my ezine! This first news mag will be brief, but I promise you will be getting much more to come, in the near future. I have been very busy, since late spring of 2007, and my life has been a whirlwind since!

Where I've Been

This past fall, I attended an NLP workshop given by Christopher Howard. If you Google his name, you can read more about him. He has become quite popular with the spiritual community, but I have to tell you, his sales skills are what define him! When I returned from his workshop in Los Angeles, I received a phone call from the lovely Miss Jessica Maya Ortner of the *Try It On Everything* movie. She called to let me know I had been selected as one of the ten participants to be filmed for their movie. I was rushed to Connecticut in late October. As soon as I got home, I began checking into what it took to become an EFT practitioner, myself. By the end of November, I had completed both levels of training to make me an EFT-CC practitioner! I also wrote 2 books, during that time, and started working on making my website a reality! I am finally living my passion!

As time goes on, you will be hearing many things about my new book, *God IS I AM*. After spending a lifetime perfecting my own healing techniques, I discovered a new path to manifesting miracles. The trials of my life certainly contributed to my understanding, but you have to know that metaphysics was not new to me. I had been practicing spiritual healing since I was 10-years-old.

A SPECIAL MESSAGE FROM JODI!

Where I'm Going

I do hope you choose to join me on my journey to perfection. I have discovered a new path, and the road, although less traveled, is very accomodating and a lot of fun! After all, I do believe we all came here to enjoy life! Life was never meant to be difficult, and we shouldn't have to struggle to find peace. There is no need to wait for the right time. There is no need to suffer. There is no special offering or prayer that will grant you the kingdom of Heaven. It has always been yours, and you are standing in it, even now.

Let's walk a new path, together, with only one rule...to have fun! There is no place you can go where you are not one with All. Every possibility you have sought has already been given to you. Picture me standing at your bedside, cheerfully smiling, saying, "It's time to awaken," as I hand you breakfast in bed. Yes, it's really that simple!
