**HERE'S LOOKING AT YOU, KID!**

One of the most difficult things I teach is that the world "out there" is nothing but a reflection of our beliefs.

We all get caught up in what appears to be the judgments and conditions of the outside world. We believe we are subject to the things outside us...VICTIMS of it. We believe we see something happening around us,

and then we have an emotional response to it. Not so. It is actually the other way around. We are feeling feelings and the outer world is reflecting them back to us. What do you see out there? It is nothing but your own projection, and it is coming from your heart-based vibrational asking.

We balk at this idea! "What? Are you out of your mind!?!?! I would NEVER ask for that jerk of a boss to be in my life." Think again. That jerk of a boss may actually be our dearest friend. If he is showing us discrimination, for example, then it simply means we have discriminated against someone or something in our own lives, and we have not been able to see it in ourselves. Because we haven't accepted that part of ourselves, he is actually doing us a favor by bringing it to our attention. What we don't like in ourselves, we push outwardly...onto others. But the truth is, it isn't really their stuff; it is ours! Once we look at it in our own lives and figure out where this began, we no longer have to have it mirrored back to us. We can change it. As our inner world changes, the outer world follows. It has to.

It is nothing but the reflection of our beliefs. Knowing this, we can see how important it is to hold positive beliefs about ourselves. We can no longer blame “them” for the difficulties in our lives. It all is coming from ourselves. If we cannot love and cherish who we are, neither can the world out there...even if it wanted to.

So, how can we have our world mirror back a wonderful life? By becoming it! We first, however, are going to have to remove the negatives by facing them, reclaiming them and releasing the energy that comes with them. Take a deep breath....here is how to clear it out, once and for all (I'll use the example of the boss discriminating against us):

### STEP ONE:

When we see something or someone in our lives that we don't like, we must ask ourselves, “When did I act like that? When did I create a situation like that in my own life?” At first, we coil and deny, but if we are going to clear this, we must turn to see it as ours. Looking closely, we will remember a

situation where we DID act that same way. We have to vividly recall the memory, and feel the feelings of negativity that we don't like. It might go like this...

“I remember when I discriminated against a group of people in my fourth grade class. I wanted to be in the rich, pretty, popular group, but they didn't accept me. I assumed they thought I wasn't good enough. Because my feelings were hurt, I decided ALL people who are rich, pretty or popular are mean. Whenever the teacher allowed me to pick a team, I always chose them last, even if they would help my team. I wanted to hurt them like they hurt me.”

Excellent! Now we must ask ourselves, “Why did we assume they were thinking I wasn't good enough?” Where did that belief begin? We go back even further, acknowledging that a parent taught us that all rich people look down on anyone not as wealthy as them. We now have our core issue. We know why and when this started. We can see how WE discriminated against others! And we thought we would never do that, right? LOL

### STEP TWO:

Now that we know what it feels like to discriminate against others, we ask ourselves what feelings are showing up around this memory. In this case, we would say vengence, hurt or anger. If we have more than one feeling, we will have to collapse each of them, separately, but let's just go with anger for now.

Once we know that the memory makes us angry, we ask, "Where is that showing up in my body?" Perhaps we feel a burning in the stomach or a tightness in the chest. We will use anger in the stomach area for now.

How strong is this feeling? We need to rate the intensity of that feeling....0-10. Ten means we feel it strongly, and 0 is none at all. Perhaps we are starting to vividly remember that day we were looked down on by the popular group and how we "got even." We then reflect back to our parents telling us that all rich people look down on people like us. We are realizing that belief of not being good enough came from our parents...it was "their" truth that we

accepted and acted from. We are starting to be angry...not at the pretty, popular people, but at ourselves for buying into such an idea! We are also upset with our parents for teaching us this. The intensity may be as high as an 8. No wonder this keeps showing up in our lives, huh?

### STEP THREE:

Focusing on our emotions and feeling them in the body, we tap (use EFT) through the meridian points until we feel the intensity lower to 3 or less. Once the anger is released, we can start to employ forgiveness. Although EFT doesn't always include putting in positive ideas, I believe it is a very important part of the process.

### STEP FOUR:

Repeat the tapping method, this time understanding that we judged others and they judged us. We can forgive our parents, because they were teaching from the beliefs others taught them...and from the experiences that resulted from those beliefs. We can forgive the popular people, because we realize we never gave them a

chance. We can even forgive our horrible boss, because we understand he was just reflecting back an unresolved issue to us. In fact, looking at this now, we can even start to appreciate how his actions helped us see this in ourselves. We might even be grateful to him for helping us to remove this energy we've been carrying around for decades!

As we let go of the negative energy and replace it with a loving, forgiving attitude, we immediately start to feel good.

### STEP FIVE:

After we have removed the negative energy that was weighing us down, and we have put in positive energy that makes us feel good, we start to notice that the world "out there" is mirroring back this change! Stunning, isn't it?

Suddenly, the discrimination stops. It is as if the boss is someone else. Why? Because he no longer is imprisoned by us. That's right! We were keeping him bound to act a certain way because we were not seeing it in ourselves. He is so happy to be released from that role in our lives, he celebrates by

giving us the raise we wanted months ago.

One of the most interesting aspects of this understanding is that changing others never, ever requires us to know anything about them. All we ever have to know is the self. Who we are is who they are. If we don't like "them," then we don't like ourselves.

If there are things in the outer world that keep showing up as negatives in our lives, it is never about them. It is always about ourselves. We need to remember the outer world is but a reflection of the inner self. Correcting our own beliefs will change everything that seems to be outside of us. It isn't...never has been.

What do we want to show up in our lives? Whatever it is, we must become it. As we feel the feelings of love, prosperity, health, confidence, abundance, clarity, compassion, etc., the vibrational matches are drawn to us, bringing us everything we ever dreamed of. Magical? Seems that way.

Now that you know who is REALLY reflected in the mirror of your life...remember to

ROAR like a king/queen. YOU, after all, have all the power in the world to create the life of your dreams!

1. Feel your feelings and accept them. Even though your tendency may be to run away from the ones that don't feel good, let me assure you...you can't run that fast! They will eternally follow you, because they ARE you! the negative feelings by tapping on them. Use EFT to clear out the negative beliefs.
2. Heal yourself by putting in new positive beliefs. ONLY AFTER you have removed the negative beliefs can you reprogram with new ones; however, this is an important step in the process, so feel free to tap in all the things that make you FEEL GOOD!
3. Reveal a new way of life that is open and receptive to ALL THE GOOD that Consciousness wants you to accept.

For some time now, I've been holding that I would have my own stage where I could share my message with hundreds, all across the nation (and world!). Well, I'm so happy to tell you, today, that my dream has manifested!!!

**DRUM ROLL....SHOUTS OF JOY.....APPLAUSE!**

*A live, inspirational event known as "A Divine You" National Tour kicks off in Texas on Saturday, June 6, where I will be the featured speaker, along with my brilliant, motivational, magnificent partner, Michael Shuster!!!*

On July 18, we will appear in Santa Monica, California. The remaining venue will soon be released, but for now, we are actively promoting these two showcases.

If you want to live an amazing life of health, wealth, love and prosperity...you won't want to let this amazing opportunity pass you by. It may be another year before we get back to the South Texas area, so I urge you to register today.

Michael has been very gracious in allowing

me to reveal this to my friends, fans, followers, family, and other such reflections prior to the unveiling media blitz that will hit these two states early this week. This is why I'm urging you to register now...before the publicity draws in people from all over the state. Newspapers, churches, radio shows and online social sites will be carrying this information within a day or so, and seats will fill quickly. So please hurry!

We will hold an all-day, one-day seminar, from 9:00-5:00, where he and I will be teaching from our books and our combined decades of knowledge on how to attract miracles and live a pain-free life!

I've been touting that I would have my own stage one day, and one of the many things that has prolonged my launch was my own (admitted) doubt that enough people would want to come see me. When Michael asked if I believed that at least 100 people would feel the love and inspiration that I have to offer, I wasn't sure how to respond. Would others be able to feel the passion I feel about hosting such an event? Would I be

able to convey the excitement in ways that would clarify the reason why I'm so enthusiastic? It is because I know we will be revealing information that can change lives.

As if reading my mind, Michael asked what my fear was about, and I said that people might not feel I am worth paying to see. "So," he asked, "why not eliminate your fear ... and everyone else's as well? It's just a blockage - and you are all about banishing blocks and fears." He was right! And then he added these most generous words...

"How about if we offer a 100% money-back guarantee to eliminate fears for you AND your fans?" Just like that... a perfect solution emerged!

*How could I say no to a win-win situation?* Either you walk away with a changed life or you get your money back. This is a **GUARANTEED** investment of time and money...something you don't see too often these days!

At only \$99.95 for 8 hours of heart-pumping, life-changing information, materials, examples, demonstrations, etc., this is a bargain anyway, but putting this guarantee on it **SOLD** me! You in, too? I hope so!!

Now, you all know me. It is impossible for me to promote things I don't believe in. This, however, I absolutely 100% believe in, and that is why I'm so enormously enthusiastic about it. If you knew Michael like I do, you would understand why.

Hmmmmm....Well, let me tell you a bit about Michael, so you'll join me in this so over-the-top excited feeling!!

Michael has been a motivational success speaker for more than 10 years. He has spoken not only to small audiences, but also to audiences of thousands!! In fact, he **LOVES** big audiences. He loves the enthusiasm of music and audience participation, just like I do! He has compiled workbooks and all types of

information for the attendees to take home with them. He LOVES giving away prizes, just like me! He is such a powerful force, on stage, he often receives standing ovations. He just recently spoke at a convention, and when he finished, one of Bob Proctor's people approached him about emceeding an event for Proctor!

Michael has also written two books where he shows exactly how to employ Law of Attraction techniques. Every time I speak with him, I'm blown away by his brilliance and the techniques and tools he offers to help move people toward living the life of their dreams. I can promise you this, when he takes the stage, you will be glued to what he shares with you!

When you think of Michael, think Wayne Dyer. He has a huge heart and his greatest desire is to share everything he has learned with others. An extraordinary husband and loving father of two beautiful daughters, his compassionate and professional nature lights up the stage as he offers life

experiences and true stories to bring home his message of love and hope. Michael's warmth and honesty will connect to the part of you that senses he is an ordinary guy with extraordinary authenticity. Those who are present on June 6 are in for many unexpected treats...but meeting Michael will be the first!

The amazing thing is...Michael shares this enthusiasm about what I teach. Just like me, he suffered for many years with chronic pain. As he went from doctor to doctor for help, he discovered only the symptoms (effects) were being treated. He knew the cause of disease had to be addressed to cure himself. He was blessed to find someone who gave him the information to build on...and he took it from there. Today, we are both free of debilitating illnesses that we were told were permanent.

Michael reads my blogs and ezines, without fail, and has been following my thoughts for quite some time now. He is adamant about spreading the word about EFT, and together,

So, now you know! Many people ask me when I am going to do weekend workshops or all-day seminars. People want to know "When can I buy your book, CDs or videos? How can I help my friends and families learn about EFT and the Law of Attraction?"

If this sounds like something that could benefit you....I know you will attend. We have limited space available, and when the room is filled, we will have to turn people away. Michael agreed to allow me to get this out to my own friends and family first, to be SURE they were seated for this event, before this goes public early next week, but once the seats are filled, there is little I can do.

and add a short review of my services. It is quick and simple, and it moves me up in the rankings for the TOP 50 EFT PRACTITIONERS. I am currently #29.

You can also comment on my blogs, my videos, or on one of my articles, or add comments about the Borrowing Benefits classes or private sessions we've shared. Add as many as you want, as often as you want. Every time someone adds a comment, I move up in the ratings, so you will be doing me a great service if you can help me out. Your additions are what keep me in the top 50!
